**Subject:** Thank you

Tammy & David,

I know there are still a few loose ends with the cabinets, but we wanted to express our gratitude for the hard work your company and crew did for our us and our home! Everyone worked hard, cleaned up and was courteous from beginning to end. The countertop turned out even better than anticipated in fact, and the cabinetry are beautiful and the updates are already helping me.

Louis took some pictures for your review Wednesday, as I noted some areas that needed attention. I wanted to also order a tray for the center sink top drawer opening. I also need to order a matching corbel.

Do I need to come by the office to pick one out?

No hurry.....just let me know.

Sincerely,  
[REDACTED]
