Hi Tammy,

I just wanted to let you know I mailed a check to you today for the total due amount of \$1, 721.42. Let me know if you don't receive it within the next two or three days.

Cindy and I wanted to let you and David know how happy we are with your work, and the way you have been so flexible with us. It seems it's not often these days that you can still find quality craftsmanship and friendly people that do such good work. I very much enjoyed talking with Manuel on his numerous trips down here. We seemed to hit it off and enjoyed each others company.

We have one more project which I mentioned the first time David was here to take measurements, etc., and that is new cabinets in our laundry room. We are still a ways from that job but we fully intend on using you for that job also, unless you've had enough of me and don't want to answer the phone when I dod call. (I wouldn't blame you if you did!!)

Thanks again,
