Dear David and Tammy:

I have one of your crew here today putting the final touches on the cabinets. He is doing a great job. I want to thank you and everyone at Woodenbridge that worked to create the gorgeous cabinets that now grace our kitchen. Every time I walk into the kitchen, I am struck by how they "make" the kitchen. You were wonderful to work with, your team was professional, courteous, and talented. Bravo! Bravo! Bravo!

I will be in touch with you soon to express my thanks in person. Did not want more time to go by without telling you how much we appreciate you and your work.

Thank you so much,
